

Young Love (feat. Koko Laroo)

[Felix Cartal](#)

You do wrong when you know what is right,
Just to feel the rush,
And you might jump when you know you're too high,
Just to feel a buzz, And we all keep searching for the innocence even though it seems too good to
be real,
And we all keep reaching for the second chance to feel,
ohhhh ohh oh oh
I'm looking for young love tonight
