

# Porcelain

## Better Than Ezra

Hey, you've got a lot of nerve to show your face around here  
Hey, you've got a lot of nerve to dredge up all my fears  
Well I wish I could shake some sense into you, and walk out the door  
But your skin is like porcelain  
Yeah, your skin is like porcelain Just the other day I felt, I had you by a string  
Just the other day I felt, we could be everything  
But now when I see you, you're somebody else  
In somebody's eyes,  
And your skin is like porcelain  
Yeah, your skin is like porcelain  
I don't know what I'm saying  
Well, I don't know if you're there  
In the words you are feigning  
Do you even care? Well I wish I could kill you, savor the sight  
Get into my car, drive into the night  
Then lie as I scream to the heavens above  
That I was the last one you ever loved  
Porcelain.  
Yeah, your skin is like porcelain  
Yeah, your skin is like porcelain  
Yeah, your skin is like porcelain  
Yeah
