

Bitch From Da Souf

Mulatto

I throw that ass back to see if he gone catch it
Ain't athletic but this tent is for the necklace
Aye where that cash at, I stack it like tetris
Real gutta bitch, real plugs and connections First I make him eat it til he lock jaw
Give it to em good knock a nigga socks off
I run it up they busy running they mouf
Im a real ass rich ass bitch from the souf Bitches getting bust down for a bust down
I ain't movin if they ain't paying like them bus fair
Know that the promoter cutting that check if i was there
Bitches got a problem line em up like i cut hair
I need it paid n full like Keisha
Rappers in my dm I ain't fucking for a feature
Aretha with them Franklins im getting money i can't meet ya
Ran down on a bitch all of a sudden she got amnesia
I throw that ass back to see if he gone catch it
Ain athletic but this tent is for the necklace
Aye where that cash at, I stack it like tetris
Real gutta bitch, real plugs and connections First i make him eat it til he lock jaw
Give it to em good knock a nigga socks off
I run it up they busy running they mouf
Im a real ass rich ass bitch from the souf
These niggas know that imma keeper
And i got the KO, imma fuck around and sleep em
Choppers sang like Aretha might cash out like Tanita
Pop the trunks in that bitch, run that home Derek Jeter
Shit ain't sweet, i just dropped a bag on my teeth
He put Fendi all on my feet, I leave stains all in his sheets
He know better than to fuck around, no bitch fucking with me
I won't hesitate to get a bitch gone ASAP no Rocky
I throw that ass back to see if he gone catch it
Ain athletic but this tent is for the necklace
Aye where that cash at, I stack it like tetris
Real gutta bitch, real plugs and connections First i make him eat it til he lock jaw
Give it to em good knock a nigga socks off
I run it up they busy running they mouf
Im a real ass rich ass bitch from the souf
