

# Bizarre

Michael Sweet

Take me back, when we gave a damn  
Strength of a lion, kind as a lamb  
Society has weakened our wall  
Integrity was once in us all We have the heart and the soul of a king  
If we only knew who we are  
We could move mountains and do anything  
But we just stand back from afar Bizarre  
There was a time we cared for each other  
Grapes of a vine and life to discover  
But now we're immune to the gifts that we own This moment in time is only on loan  
We have the heart and the soul of a king  
If we only knew who we are  
We could move mountains and do anything  
But we just stand back from afar  
Bizarre  
Oh yeah, yeah  
(Guitar Solo)  
We have the heart and the soul of a king  
If we only knew who we are  
We could move mountains and do anything  
But we just stand back from afar  
We have the heart and the soul of a king  
If we only knew who we are  
We could move mountains and do anything  
But we just stand back from afar  
Bizarre  
Oh, yeah, yeah
