

# Stiff Kittens

## Blaqk Audio

We're all still the same dear  
I have owned this life forever  
I'll always remain  
If it's just the same dear  
Why have you left before "forever?"  
Yet returned  
Again? If you show me heaven  
I will meet you there How it breaks their hearts  
That we've made an art  
Of desecrating our  
Sanctuaries  
Sanctuaries  
We're one and the same dear  
You were born for this forever  
Forget your restraint  
Remnants of a past here  
Pass like light through dust as memories  
Fall fleeting  
Like pain If you show me heaven  
I will meet you there How it breaks their hearts  
That we've made an art  
Of desecrating our  
Sanctuaries Sanctuaries  
Sanctuaries How it breaks their heart  
Desecrate our  
Sanctuaries  
Desecrate our  
Sanctuaries  
Desecrate our  
Sanctuaries Desecrate...  
Our sanctuaries How it breaks their hearts  
That we've made an art  
Of desecrating our  
Sanctuaries How it breaks their hearts  
That we've made an art  
Of desecrating our Sanctuaries
