

# Perfect Day (feat. Chink Santana & Logic)

Jim Jones

Running streets all day  
I've been looking at the stars all night  
And I've been thinking how can I get away  
And I've been running in the streets all day  
And I've been looking at the stars all night  
It got me thinking how can I get away  
It got me thinking 'bout a perfect day  
And I could tell you something we both know  
We can hustle but the streets get cold  
And I've been thinking how can I get away  
It got me thinking 'bout a perfect day  
She got the babysitter watching the kids  
She getting sexy in here all day  
She gonna party all her troubles away  
She must be thinking 'bout a perfect day  
We could be anywhere in the world  
But we right here  
We gon' be right here for this perfect day  
Got me thinking 'bout a perfect day  
My perfect day, no work today  
Got me thinking 'bout the breeze  
When the sun get hot on a water  
With the surface play  
Nah, no turf today  
Told my man throw his work away  
I got a foolproof plan, make a couple of mil'  
And I think it's gonna work today, ay  
And I could tell you something we both know  
We can hustle but the streets get cold  
And I've been thinking how can I get away  
It got me thinking about a perfect day  
She got the babysitter watching the kids  
She gettin' sexy in here all day  
She gonna party all her troubles away  
She must be thinking 'bout a perfect day  
We could be anywhere in the world  
But we right here  
We gon' be right here for this perfect day  
Got me thinking 'bout a perfect day  
No gunshots, no casket, no sirens flashing  
No V's, no police, no handcuffs, no rips, no lashes  
We drunk, no crashes, twist it up, no passes  
No sticks, no skins, no seeds  
We blowing the finest grasses  
And I've been running in the streets all day  
And I've been looking at the stars all night  
It got me thinking how can I get away  
It got me thinking 'bout a perfect day  
And I could tell you something we both know  
We can hustle but the streets get cold  
And I've been thinking how can I get away  
It got me thinking 'bout a perfect day  
She got the babysitter watching the kids

She getting sexy in here all day  
She gonna party all her troubles away  
She must be thinking 'bout a perfect day
