

# Houdini

## Foster the People

Rise above, gonna start the war!  
What you want, what you need, what'd you come here for?  
Well, an eye for an eye and an 'F' for fight  
They're taking me down as the prisoners riotGot shackles on, my words are tied  
Fear can make you compromise  
Lights turned up, it's hard to hide  
Sometimes I wanna disappearWhen I feel kinda bad and don't want to stress  
I just pass it off on ability  
Well, you got what you want, and what you never knew  
Perfect gift from me to youGot shackles on, my words are tied  
Fear can make you compromise  
With the lights turned up, it's hard to hide  
Sometimes I wanna disappear  
(Raise up to your ability)  
You never knew what I could find  
What would come when we realize  
I don't want to compromise(Raise up to your ability)  
Yeah I'm scared but I disappear  
Running around before it corners you  
I can't go because my life's a wreck(Raise up to your ability)  
I know that you want me  
'Cause it's simple to see of my ability(Raise up to your ability)  
Yeah you're undecided  
Yeah so I can see that  
Yeah I don't wanna runaway  
You gotta focus on your ability  
Focus on your ability  
Gotta focus on your ability  
Focus on your abilityCan't get what they want to steal  
Can't get what they want to steal  
Then they can't get what they want to steal  
Can't get what they want to steal
