

# Do Something Real (2019 Remaster)

Robert Pollard & Doug Gillard

Do something real  
sidewalks chasing citizens racing  
do something real  
bloodhounds closing in on opposing men  
do something real  
crows like rats like cats on vacation  
do something real  
you've been scrapped I'm trapped at the station  
small claims courts community snortsIt's fine when it's so concealed  
extra special happiness  
defined by an endless field of nothing real  
do some thing real  
crap stripe exits examiner expects it  
do something real  
plot of rockets holy ghost markets  
small claims courts...  
You'll die or you won't  
you try or you don't  
do something real
