

# Spectacular Rival

George Ezra

Violence in the air, cutthroat stares  
We're just window shopping  
Won't you dance with me  
I'm going to knock you down  
Have you afterhours Too many sherbet dips  
You'll get licked if you carry on this way  
Beautiful punchbag  
I'm going to lay you down  
Just call me Mr Brown  
OoooooI'm not that kind of man in the day  
Won't you hold me steady  
Spectacular rival  
And I've had my medicine  
Although you're not my friend  
I love you till the end Either way  
Heaven's got a place for me  
Your majesty  
Why you got it in for me?  
Either way  
Heaven's got a place for me  
Your majesty  
Why you got it in for me?  
Either way  
Heaven's got a place for me  
Your majesty  
Why you got it in for me?  
Either way  
Heaven's got a place for me  
Your majesty  
Why you got it in for me?
