

Picture Perfect (feat. Phonte)

Eric Roberson

Girl, you are picture perfect
Perfect picture in my eyes!
Girl, you are picture perfect
Perfect picture, yes you are! I couldn't draw you... baby
You look so define,
I guess God took his time
When he came up with your design.
I couldn't draw you... baby
Words just can't describe
How you look under the stars tonight
Bless into my eyes!
Girl, you are picture perfect
Perfect picture in my eyes!
Girl, you are picture perfect
Perfect picture, yes you are! I couldn't draw you... baby
Just holding your hand gets me
Satisfaction similar to when two lovers dance!
Could enjoy ...
That was made for me to kiss on
All my songs seems to run on
If I write about you!
Girl, you are picture perfect
Perfect picture in my eyes!
Girl, you are picture perfect
Perfect picture, yes you are!
I couldn't draw you... baby
Look into your eyes I see Beauty is not all ...
I'm in love with your mind, oh yeah!
Could enjoy you better baby
Only dreams can duplicate you!
I think that this day he made you
.chose me!
Girl, you are picture perfect
Perfect picture in my eyes!
Girl, you are picture perfect
Perfect picture, yes you are! Listen! If you must know girl you're my experiment,
Your body is a canvass and I'mma .
Brush strokes, gotta call he my name
I ain't formally trained, I'm just drawing from experience
.holler if you're feeling it
Real love talks care of all of your needs,
So beautiful ...your needs

In an instant like it was a...
Cause it's nothing like the new freedom of two beings
Being in love you see him,
Holding hands brought daylight to...
Perfect portrait is worthy of a museum
I can't call it, conclusion I can't draw it
Can't understand ... is still heartless
You try to find imperfections in the Mona Lisa
Even if you find one baby, it's still flawless
Check me out! I couldn't... babe
I couldn't... babe
I couldn't... babe
I couldn't... babe
