

Edge of Heaven

Breathe Carolina

I can't hold back
My hands won't let me
It's the touch of your skin
Is it lust or envy?
Is it lust or envy? I can't hold back
My pride won't let me
I'm seeing red
This is all too deadly
This is all too deadly
FALLOUT!
One more taste
One last time
I just can't help it
FALLOUT!
I need it all
Hangin' from the edge of heaven
All 7
FALLOUT!
I need it all
Hangin' from the edge of heaven I can't get up
Motivation left me
I let it burn
Only embers left in me
Only embers left in me
My old friend how long it's been
My original sin we meet again
You taught me to live like this
My original sin we meet again FALLOUT!
One more taste
One last time
I just can't help it
FALLOUT!
I need it all
Hangin' from the edge of heaven
All 7
FALLOUT!
I need it all
Hangin' from the edge of heaven FALLOUT!
One more taste
One last time
I just can't help it
FALLOUT!

I need it all
Hangin' from the edge of heaven
All 7
FALLOUT!
I need it all
Hangin' from the edge of heaven You taught me this
I'll take my place
Amongst the angels
With my seven sins
I'll reign again, baby I'll reign again FALLOUT!
One more taste
One last time
I just can't help it
FALLOUT!
I need it all
Hangin' from the edge of heaven
All 7
FALLOUT!
I need it all
Hangin' from the edge of heaven
