

# The Brightside

## Lil Peep

I know that you want me, you know that I want you  
The memories haunt me, I know that they haunt you too  
But it's alright, you'll be fine  
Baby, it's alright, you'll be fine  
As long as you're mine, take a look at the time  
It gets cold at night, when you're alone outside  
But it's fine, I'll be fine

Pay me no mind, girl, pay me no mind Just look at the brightside (just look at the brightside)  
Just look at the club lights (rolling under the club lights)  
I gotta look at the brightside (look at the brightside)  
I guess she wasn't the one, right  
This isn't what love's like  
That's for sure

Help me find a way to pass the time (to pass the time)  
Everybody telling me life's short, but I wanna die (I wanna die)  
Help me find a way to make you mine (make you mine)  
Everybody telling me not to, but I'm gonna try

Now I'm getting high again, tonight I know that you want me, you know that I want you  
The memories haunt me, I know that they haunt you too  
But it's alright, you'll be fine  
Baby, it's alright, you'll be fine  
As long as you're mine, take a look at the time  
It gets cold at night, when you're alone outside  
But it's fine, I'll be fine

Pay me no mind, girl, pay me no mind Just look at the brightside (just look at the brightside)  
Just look at the club lights (rolling under the club lights)  
I gotta look at the brightside (look at the brightside)  
I guess she wasn't the one, right  
This isn't what love's like  
That's for sure

Help me find a way to pass the time (to pass the time)  
Everybody telling me life's short, but I wanna die (I wanna die)  
Help me find a way to make you mine (make you mine)  
Everybody telling me not to, but I'm gonna try

Now I'm getting high again, tonight Just look at the brightside (just look at the brightside)  
Just look at the club lights (rolling under the club lights)  
Just look at the night life (just look at the night life)  
Watching the sun rise by my side  
We gotta look at the brightside (just look at the brightside)  
Rolling under the club lights (rolling under the club lights)  
I gotta look at the brightside (just look at the brightside)  
I guess she wasn't the one, right

This isn't what loves like  
That's for sure
