

# Blackball (feat. Future, Plies & Ace Hood)

## DJ Khaled

All these chains that I'm wearing is not ordinary  
My watches and my rank is not ordinary  
Shawty what's the booFuckboys hate to see me winning  
Kept shit 100 from the beginning  
They wanna see me lose everything I got  
Y'all keep hating, I'm right here on top  
They tryna blackball me, they say I get too much money  
They want my name from me because they know what it do  
They say I'm A-Rod, nigga, cause I got the juice  
They tryna blackball me, went and bought a Ghost as a coupe  
Soon as I ordered it, they put it right on the boat  
These bitches hungry, they tryna take me to court  
They tryna blackball me, I said I went to the pros  
They tryna blackball me, I keep a gang of them hoes  
I'm tryna fuck me thirty hoes by the end of this month  
Ain't drive my Rolls Royce no more, I seen a fuck nigga in one  
I heard some niggas downtown tried to jail me up  
I heard they told the Feds everyday to pick me up  
But I'm like damn my nigga what I did to you?  
And I'm like damn my nigga what you want me to do?  
Want me to burn your pussy ass out and knock you off?  
Want me to go by your baby momma house and kick in the door?  
Guess what? Some 36 niggas, they'll be here tomorrow  
Don't know what the fuck they goin' on, I'm gonna go buy some tomorrow  
My homie pulled me to the side and told me tell me the truth  
She say she heard I'm fuckin her sister I say she'll fuck me and you  
They tryna blackball me, they say I get too much money  
They want my name from me because they know what it do  
They say I'm A-Rod, nigga, cause I got the juice  
They tryna blackball me, went and bought a Ghost as a coupe  
Soon as I ordered it, they put it right on the boat  
These bitches hungry, they tryna take me to court  
They tryna blackball me, I said I went to the pros  
They tryna blackball me, I keep a gang of them hoes  
Say where you getting money? That shit  
bring plenty haters  
Just cop that Phantom coupe, I list a Grammy later  
White crib a couple acres, she fin that good Jamaica  
They tryin to count me out, but bitch I'm back like Schwarzenegger  
They tryina blackball me, don't wanna see me win  
And after fuckin hittin it like that he go again  
They say I'm underrated, I'm just misunderstood  
They can't compare to me, I wish, I wish you would  
I'm screaming fuck the world and everything in it

My homie beat his case, cause they can't find a witness  
You wanna test my G, man fuck this industry  
I strap shit, fo' door your matches, for all those who sleepin' on me  
They tryna blackball me,  
they say I get too much money  
They want my name from me because they know what it do  
They say I'm A-Rod, nigga, cause I got the juice  
They tryna blackball me, went and bought a Ghost as a coupe  
Soon as I ordered it, they put it right on the boat  
These bitches hungry, they tryna take me to court  
They tryna blackball me, I said I went to the pros  
They tryna blackball me, I keep a gang of them hoes
