

SWV

Summer Walker & NO1-NOAH

Ooh, ooh, woah, ooh-woah, oh, no
Rich sex, brand new
Tesla, I'm feelin' brand new (You gotta let me)
I like stuntin' on my friends when I watch
And the doors come up like my legs
In the middle of the night on the Gram
And I'm flexin' for life, I know I
Be on some crazy shit (Yeah), but I love to
Love to feel so weak in the knees
Oh, like SWV
I love it, raining it on me
I love it when you touchin' on me
It's like water
Oh no, no, don't drown
Oh, like SWV
I like sexin' in the backseat
I got seven days to make your knees weak
I hit it right tonight to make sure that you don't leave me
You, you, you know
You wouldn't leave me
You, you, you know
You wouldn't leave me (Yeah, mm) What kind of love is it that you channelin'? (Oh)
I'm hurting, this her thing, she could have it
Obsessed with the pussy, causing havoc
Am I the first one tonight to throw you backwards? (Oh)
Spread your legs, grab your head until your back hurts (Back hurts)
If all things are right then let's do that
But first, you told me what he did and I know that hurts
And I know you love him but I really need you closer (Oh, oh)
Put my tongue inside and things get hot, closer (Oh, oh)
Ain't far right now, pullin' up to my spot like, closer (Oh, oh)
To touchin' you up and feelin' your thighs like, closer (Oh, oh)
Once I give you this dick, I'ma ruin your life, oh
Oh, like SWV
I like sexin' in the backseat
I got seven days to make your knees weak
I hit it right tonight to make sure that you don't leave me
