

Plum

The Chain Gang of 1974

VERSE 1:

I'm reaching out for you
I'm begging after school
In the long run,
In the long...I saw my love and I took her down
Eighteen flowers and I'm back around

In the long run,
In the long...CHORUS:
Tell them bloody fingers
Flowing down the way
You will never linger
It's their own way

It's their own

VERSE 2:

God Bless a dirty fool
God Bless a girl like you
In the long run,
In the long...I lost my way and I turned around
I found your smile drawn to be found

In the long run,
In the long...CHORUS:
Tell them bloody fingers
Flowing down the way
You will never linger
It's their own way

It's their own way

BRIDGE:

I'm reaching out for you
I'm reaching out for you
Eighteen flowers reach out; reaching
I'm reaching out for you
