

Different Kind (feat. Shakka)

Frisco

Yes, I'm special
So they all wanna jump on my vessel
You ain't ever gonna get another big Fris
I am out of this world, I'm an extraterrestrial
Tell a man don't get disrespectful
You will get quake, fam I don't wrestle
I'm a rebel, I stared death in the face
So many times, still I survive, I'm special
Huh, yeah, it can get poory
My temper shorter than Shorty
I've had so many ups and downs
Me, I've got such an interesting story
From day one mum said I was special
I used to see man drinking Kestrel
I said "Forget that," can't forget that
We made something from nothing, that's special
Shoutout mumzy, I know you're special
Couldn't have been easy raising a rebel
They want beef, I'm milking again
Capital F, I never been sweet like Nestle
Bless you, right before I catch you
Rise it up then kweff you, when they
Tried to say that grime was dead
Boy Better Know to the rescue
Been dodging bullets since I left the Matrix
Something from nothing like I'm selling blank discs
I'm yelling "Yeah, yeah!" Ten of you, but one of me
Yeah, yeah, I'm a different kind of G
I'm a different kind of G
I'm a different kind of G
Ohh ahh, I'm a different kind of G
Tell them I'm a different kind of G
Ohh ahh, na na na
Ohh ahh, I'm a different kind of G
Ohh ahh, na na na
Ohh ahh, tell them I'm a different kind of G
I'm so special, I'm a specialist
Understand that I'm an expressionist
I roll with all of the top boys
So it's only the best that you will see next to Fris
And try know I'm special
Ten years in the game, that's special

Man are acting like they got nine lives, well
You can get .45 from the special
Special delivery, can't get rid of me
Big .45 lift him up, no trickery
Flow's all slippery, furthermore it's special
Nowadays everyone's scared to be theirsself
But not me, I'm special
You man ain't worth the time in my schedule
To the supporters supporting the ting, one love
Cause to us, you're special
And I specialise in only the realness
So being real is my speciality
That's why I've got emcees mad at me
I set the bar way high in the canopy
Especially when the flow's special
I flow like a .45 special
So mind how you handle me
Eyes at the girls looking all spandangly
Been dodging bullets since I left the Matrix
Something from nothing like I'm selling blank discs
I'm yelling "Yeah, yeah!" Ten of you, but one of me
Yeah, yeah, I'm a different kind of G
I'm a different kind of G
I'm a different kind of G
Ohh ahh, I'm a different kind of G
Tell them I'm a different kind of G
Ohh ahh, na na na
Ohh ahh, I'm a different kind of G
Ohh ahh, na na na
Ohh ahh, tell them I'm a different kind of G
Ohh ahh, na na na
Ohh ahh
Ohh ahh, na na na
No ahh, tell them I'm a different kind of cheif
