

Rockets (feat. Moe Moks)

LION BABE

[Intro: Jillian Hervey & Moe Moks]

We live, we live

We live, we live young [Verse 1: Jillian Hervey]

Fly high like I'm NASA

Pull my hips like the salsa

I'm like butter on a lobster

We live, we live

Got me singin' like I'm Chaka

Ooh I'm workin' in mi casa

Young queen Cleopatra [Pre-Chorus: Jillian Hervey & Moe Moks]

We live, we live

We live, we live young

We live, we live

We live, we live young

[Chorus: Jillian Hervey]

All these spaceships and rockets (high)

Got me feelin' high (high)

On my spaceship I'm rockin' (high)

Fall into the sky (high)

Fall into the sky

Fall into the sky

Fall into the sky

Fall into the sky [Verse 2: Moe Moks]

Congo, wear my rasta

Merengue with a [?]

We eat fishes with the pasta

We live, we live

Been feelin' like a popstar

Heavy drinks, I'm a rockstar

The young king with the roadster

[Pre-Chorus: Jillian Hervey & Moe Moks]

We live, we live

We live, we live young

We live, we live

We live, we live young [Chorus: Jillian Hervey]

All these spaceships and rockets (high)

Got me feelin' high (high)

On my spaceship I'm rockin' (high)

Fall into the sky (high)

Fall into the sky

Fall into the sky

Fall into the sky

Fall into the sky[Outro: Jillian Hervey & Moe Moks]

We live, we live

High, high

High, high

I just want y'all to chill to this record

We live, we live young

[?] to this

We live, we live

[?] to this

We live, we live young

Sex and [?] to this

We live, we live

We live, we live young

We live, we live

We live, we live young

All these spaceships and rockets

High, high

High, high
