

Another Dumb Blonde

Hoku

I think that it's time that I should just let you go
So I'll tell it to your face instead of tell it to you on the phone
You see, I thought that you were special, baby, something unique, but lately I've come to find
That you're not really interested in my heart or mind That's all right, that's okay
You never loved me anyway
And I think it's time for you to just move on
That's all right (that's all right), that's okay (that's okay)
I bet you never thought you'd hear me say
That I think it's time for you to find another dumb blonde
'Cause it's not me, no, no
'Cause it's not me, no, no, oh, no
Last night I went to a party hoping I'd see you there
And sure enough, you were hanging on some other girl playing with her hair
And I overheard you telling her the very same thing you said to me the night before
Hook, line, and sinker, you were walking with her out the door That's all right, that's okay
You never loved me anyway (I never loved you anyway)
And I think it's time for you to just move on
That's all right (that's all right), that's okay (that's okay)
I bet you never thought you'd hear me say
That I think it's time for you to find another dumb blonde
'Cause it's not me, no, no You want just a little trophy hanging on your arm
So all your friends will see you got it going on
But I see what you are so clearly
But baby, baby, that's not all right with me
That's all right, that's okay
I never loved you anyway
That's all right, that's okay
You never loved me anyway
You never loved me, but it's all right, yeah
It's all right, yeah, yeah
It's all right, it's all right, it's all right, it's all right
It's all right, yeah
Go ahead and find what you need
That's all right, that's okay
You never loved me anyway
And I think it's time for you to just move on
That's all right, that's okay
I bet you never thought you'd hear me say
That I think it's time for you
