

# Imperfection

## Skillet

You're worth so much  
It'll never be enough  
To see what you have to give  
How beautiful you are  
Yet seem so far from everything  
You're wanting to be  
You're wanting to be Tears falling down again  
Tears falling down You fall to your knees  
You beg, you plead  
Can I be somebody else  
For all the times I hate myself?  
Your failures devour  
You're hurting every hour, you're drowning  
In your imperfection  
You mean so much  
That heaven would touch  
The face of humankind for you  
How special you are  
Revel in your day  
You're fearfully and wonderfully made  
You're wonderfully made Tears falling down again  
Come let the healing begin You fall on your knees  
You beg, you plead  
Can I be somebody else  
For all the times I hate myself?  
Your failures devour  
You're hurting every hour, you're drowning  
In your imperfection  
You're worth so much  
So easily crushed  
Wanna be like everyone else  
No one escapes  
Every breath we take  
Dealing with our own skeletons, skeletons You fall to your knees  
You beg, you plead  
Can I be somebody else  
For all the times I hate myself?  
Your failures devour  
You're hurting every hour, you're drowning  
In your imperfection  
Won't you believe, yeah  
Won't you believe, yeah

All the things I see in you  
You're not the only one  
You're not the only one  
Drowning in imperfection
