

# There's Your Trouble

## Dixie Chicks

Should've been different, but it wasn't different was it  
Same old story and Dear John and so long  
It should have fit like a glove  
It should've fit like a ring, like a diamond ring  
A token of a true love  
Should've all worked out but it didn't  
She should be here now but she isn't There's your trouble, There's your trouble  
Keep seein' double with the wrong one  
And you can see I love you  
You can't see she doesn't  
But you just keep holding on  
There's your trouble  
So now your thinkin' bout all your missin'  
How deep your sinkin'  
Round and round and draggin' down  
Why don't you cash in your chips  
Why don't you call it a loss  
Not such a big loss  
Chalk it up for better luck Could have been true love  
But it wasn't  
It should all add up  
But it doesn't There's your trouble, There's your trouble  
Keep seein' double with the wrong one  
And you can see I love you  
You can't see she doesn't  
But you just keep holding on  
There's your trouble  
Should have all worked out  
But it didn't  
She should be here now  
But she isn't There's your trouble, There's your trouble  
Keep seein' double with the wrong one  
And you can see I love you  
You can't see she doesn't  
But you just keep holding on  
There's your trouble,  
There's your trouble There's your trouble,  
There's your trouble There is your trouble
