

# Cry

## Monica

Give me your hand, boy Rest yourself  
Put your head on my shoulders  
I'll be your help  
I know everybody says that we can't be scared  
But you don't have to be strong right now, no  
You can shed a tear So baby, cry If you wanna, you can cry  
Put your pride aside  
Cuz it's just you and I  
Baby it's alright,  
you can go and cry  
And it's okay  
I know that it's hard  
Cuz it's never easy,  
no Lettin' down your guard  
But rest assure  
I'll always be here  
You don't have to worry, no  
Baby, shed a tear  
So baby, cry If you wanna, you can cry  
Put your pride aside  
Cuz it just you and I  
Baby it's alright, you can go and cry  
(And dont be ashamed)  
Baby, it's only me (only me)  
So let me do, do what I'm here for  
What ever, ever you need  
I'll be there (I'll be)  
I'll be oh oh Baby,  
you can cry
