

# Talking to Ghosts

## Foxes

Glitter falls on the souls that were saved  
A love lies cold and drowned in the waves Cause you never really took it serious did you?  
No you never really took life serious did you?  
And I can be your guiding light if you just let me  
But I can't be your guiding light if you have left me  
If you have left me The mark you left lies still on the ground  
Speaking silence has no sound Cause you never really took it serious did you?  
No you never really took life serious did you?  
I can be your guiding light if you just let me  
I can be your guiding light if you just let me  
If you just let me  
Higher higher ooh  
Higher higher ooh  
Open skies are dawning  
Higher higher ooh  
Open skies are dawning  
Higher higher ooh Been talking to your ghost all day  
Hoping in the same old way  
Have you really gone? Have you really gone?  
Higher higher ooh  
Have you really gone? Have you really gone?  
Higher higher ooh  
Have you really gone? Have you really gone? Why does it hurt when my heart misses the beat?  
Have you really gone? Have you really gone? (Higher higher ooh)  
Higher higher ooh  
Have you really gone? Have you really gone? (Higher higher ooh)  
Higher higher ooh  
Have you really gone? Have you really gone?  
Open skies are dawning (Higher higher ooh)  
Higher higher ooh  
Have you really gone? Have you really gone?  
Open skies are dawning (Higher higher ooh)  
Higher higher ooh
