

Castle In the Snow

Kadebostany

The light is fading now
My soul is running on a puff
That I cannot reach
My brain is turnin'
And my head is hurtin'
Every day a little bit moreThe light is fading now
My forces is being sucked by
A ıbloody leach?
My fear is smilin'
And my threat is singin'
Every night a little bit moreI cannot see anything
I am blindfolded
I can hear the birds
I can see them fly
I can see the sky
I can hear the birds
I can see them fly
I can see the sky
It's about to cryI'm a zombie
I don't know what to do
I should be done in the place
But I gotta stay, stay stay
Stay stay stay stayI'm so lonely
I don't know if I get through
I wanna be floating in space
But I gotta stay, stay stay
Stay stay stay stay
I can hear the birds
I can see them fly
I can see the sky
I can hear the birds
I can see them fly
I can see the sky
It's about to cry
