

# Mercedes Boy

## Pebbles

Do you wanna ride? Baby let me tell you, I've been watching you  
See you dancing in my dreams  
Feel you heartbeat inside of me  
So if you feel it coming on catch me getting in the mood Boy I'll give you anything  
Cruising's all you have to do Do you wanna ride in my Mercedes boy?  
Tell me what you're gonna do with me  
'Cause if you wanna ride in my Mercedes boy  
There are so many things that I'm gonna do to you Baby let me tell you I've been wanting you  
Always on the scene  
Good looks and more possessing all of me  
So when it starts to coming on catch me getting in the mood  
Boy I'll give you anything  
Cruising's all you have to do Do you wanna ride in my Mercedes boy?  
Tell me what you're gonna do with me  
'Cause if you wanna ride in my Mercedes boy  
There are so many things that I'm gonna do to you Do you wanna ride in my Mercedes boy?  
Tell me what you're gonna do with me  
'Cause if you wanna ride in my Mercedes boy  
There are so many things that I'm gonna do to you Do you wanna ride?  
Ride, ride what are you gonna with me, me, me  
Ride, ride what are you gonna with me, me, me Do you wanna ride in my Mercedes boy?  
Tell me what you're gonna do with me, me, me  
'Cause if you wanna ride in my Mercedes boy  
There are so many things that I'm gonna do to you  
Do you wanna ride in my Mercedes boy?  
Tell me what you're gonna do with me, me, me  
'Cause if you wanna ride in my Mercedes boy  
There are so many things that I'm gonna do to you Do you wanna ride in my Mercedes boy?  
Tell me what you're gonna do with me, me, me  
'Cause if you wanna ride in my Mercedes boy  
There are so many things that I'm gonna do to you Do you wanna ride in my Mercedes boy?  
Tell me what you're gonna do with me, me, me  
'Cause if you wanna ride in my Mercedes boy  
There are so many things that I'm gonna do to you Do you wanna ride?
