Thank God for the Bomb

Ozzy Osbourne

Like moths to a flame Is man never gonna change Time's seen untold aggression And infliction of pain If that's the only thing that's stopping warThen thank God for the bomb Thank God for the bomb Thank God for the bomb Thank God for the bombNuke ya nuke yaWar is just another game Tailor made for the insane But make a threat of their annihilation And nobody wants to play If that's the only thing that keeps the peace Then thank God for the bomb Thank God for the bomb Thank God for the bomb Thank God for the bombNuke ya nuke yaToday was tomorrow yesterday It's funny how the time can slip away The face of the doomsday clock Has launched a thousand wars As we near the final hour Time is the only foe we have When war is obsolete I'll thank God for the war's defeat But any talk about hell freezing over Is all said with tongue in cheek Until the day the war drums beat no more I'll thank god for the bomb Thank God for the bomb Thank God for the bomb Thank God for the bombNuke ya nuke ya
