

Black Sunday

Cold

I can't breathe at all
And it hurts to think
That time could heal my wounds
Feeling I've been betrayed
Black Sunday still burns you in my thoughts
I can't sleep at all
Now you're gone away
I can't fake this anymore
Guess I could blame it all
On God's game
Or explain what my life's for
Caught in a winters rain
I can't remember a word you said
Take away my fear please hold on to me
I'm falling
Falling
I will trade it all
For another day
Just to feel you and your warmth
But even pictures fade
Black Sunday still burns you in my thoughts
I can't see at all
Did you fly away
Did the stars shine bright for you
Guess I could blame it all
On God's game
It was fate that carried you
Caught in a winters rain
I can't remember a word you said
Take away my fear please hold on to me
I'm falling
Falling
You always take away
Take away
Take away
Caught in a winters rain
I can't remember a word you said
Take away my fear please hold on to me
I'm falling
Falling
Caught in a winters rain
I can't remember a word you said
Take away my fear please hold on to me
I'm falling
Falling
And I'm falling
I'm falling

I'm falling

I'm falling

I'm falling
