Everything Is Alright

Motion City Soundtrack

Tell me that you're alright Yeah, everything is alright

Oh, please tell me that you're alright

Yeah, everything is alrightGive me a reason

To end this discussion

To break with tradition

To fold and divide'Cause I hate the ocean, theme parks and airplanes

Talking with strangers, waiting in line

I'm through with these pills that make me sit still

Are you feeling fine?

(Yes, I feel just fine)

Tell me that you're alright

Yeah, everything is alright

Oh, please tell me that you're alright

Yeah, everything is alrightI'm sick of the things, I do when I'm nervous

Like cleaning the oven or checking my tires

Or counting the number of tiles on the ceiling

Head for the hills, the kitchen's on fireI used to rely on self-medication

I guess I still do that from time to time

But I'm getting better at fighting the future

Someday you'll be fine

(Yes, I'll be just fine)Tell me that you're alright

Yeah, everything is alright

Oh, please tell me that you're alright

Yeah, everything is alright

Give me a reason

(I don't believe a word)

To end this discussion

(Of anything I heard)To break with tradition

(They tell me that it's not so hard)

To fold and divide

(It's not so hard)So let's not get carried

(Away with everything)

Away with the process

(From here to in between)

Of elimination

(The long goodbyes)

I don't want to waste your timeTell me that you're alright

Yeah, everything is alright

Oh, please tell me that you're alright

Yeah, everything is alrightTell me that you're alright

(Hi, everything's great)

Yeah, everything is alright
(Hey, everything's fine)
Oh, please tell me that you're alright
(Hey, everything's great)
Yeah, everything is alrightHey, everything's fine
Hey, everything's fine
Hey, everything's fine
Hey, everything's fine
