

# Alone

Dan Black

Some are young  
Some are dumb  
Some wanna die  
They Fill the streets  
Broken beats  
Lonely eyes  
But Something seems to be in me  
That just don't seem the same  
I was dreamin' when I saw you  
I was dreamin' on the avenue I was dreamin' when the bomb blew  
Because this endless desire won't leave me alone  
It will not leave me alone  
It will not leave me alone  
Some are young Some are numb  
Some wanna hide  
I see  
Beats and bins Mannequins  
Lonely-eyed  
Because  
Something seems to be in me That just don't seem the same  
I was dreamin' when I saw you  
I was dreamin' on the avenue  
I was dreamin' when the bomb blew Because this endless desire won't leave me alone  
It will not leave me alone  
It will not leave me alone  
It will not leave me alone  
It will not leave me alone  
Are you alo-oh-oh-oh-one? Alo-oh-oh-oh-oh-one  
Alo-oh-oh-oh-oh-one  
Alo-oh-oh-oh-oh-one  
Alo-oh-oh-oh-oh-one  
Alo-oh-oh-oh-oh-one  
Alo-oh-oh-oh-oh-one  
Alo-oh-oh-oh-oh-one  
I was dreamin' when I saw you  
I was dreamin' on the avenue  
I was dreamin' when the bomb blew  
Because this endless desire won't leave me alone  
It will not leave me alone  
It will not leave me alone  
Alone  
It will not leave me alone
