

We Don't Stop

Kaskade

We hold
who we are
We carry the weight of the storm
And we hope to be whole
Buried where memories are born
We don't stop We don't stop for no one!
We won't break
the world won't wait for you! We don't stop
We don't stop for no one!
We won't break
the world won't wait for you!
We hold
who we are We carry the weight of the storm
We were born
to be Gods
Chasing the light that we are
We don't stop
We don't stop for no one!
We won't break
the world won't wait for you!
We don't stop
We don't stop for no one!
We won't break
the world won't wait for you! We don't stop
We don't stop for no one!
We won't break
the world won't wait for you!
We don't stop
We don't stop for no one!
We won't break
the world won't wait for you!
