

Undefeated (feat. Derek Minor)

KB

Look up in the sky
Ooh I made it
You think I'm a lie
When I tell you I ain't gone take it
I got hands on the nation check my reputation
Tell the school boys the one and only my tomb is vacant
That's why I undefeated
Undefeated
Undefeated
Who do you think that you are when I
Tell y'all that I run things
Y'all better believe me
Spin the earth on my finger like round ball
I'm a globe trotter that's easy
No lie boy y'all got me messed up
I'm not Buddha, Mohammed and I dang sure ain't no Yesus
Y'all act like I ain't made where you standing
Y'all act like I ain't drawn the planet
Act like my Son ain't died on that cross or
I ain't gave you my all look here I ain't taking no loss
I love you with all of my heart that's the reason I'm here with my hands open giving my grace
I know that you know that I'm here ignore me if you want but the next time you spit in my face
You better just
Undisputed no mistakes of playing big
In the end you'll all marvel like it's that lid
Don't doubt me but know about me
It don't look like I'm in the lead
But your ignorance don't make you safe
Because the worst punch is the one you don't see
Till you don't see that I ain't done yet
Watch all the glory my Son gets
The whole worlds' been set up
But you backwards you upset
I was the one that put man on the planet but I'm manning the planets
He planted my plan and I'm planting out history spoiler alert I get the victory
All over your habitat matter of fact mad as a matter act am I exact
If you like it then you should have put a ring on it I told Saturn that Handle it can you handle it
I'm mad at the worlds' mismanagement's
Thousands of years of worst things and it hurts me
But I got purposes and I hurt for men
If you don't know it now you will know it then
There's a greater good though worth it

When my glory comes and reverses it

Amen
