

Burning (Antoine Clamaran Remix)

Bob Sinclar & Daddy's Groove

Babe! my heart is full in love and desire for you
and can't you see its
burning burning burning burning
burning burning burning burning Babe! my heart is full in love and desire for you
now come on down and do what you gotta do
my heart is full in love and desire for you
now can't you see its burning?
Babe! my heart is full in love and desire for you
now come on down and do what you gotta do
my heart is full in love and desire for you
now cant you see its burning?
