

This Love

Mary Mary

When you say love
You use it so lightly
But when I think of it
This is what comes to me
Lovin' me, where I am, how I am?
Just for who I am, all my good and bad Sure you think
It's not a possibility
Something so pure it changes me
When after all these years
It's still the same
Just as strong as it was on the first day
This love, this love
The only love that comes down from the Heavens
(Why do you love?)
This love, this love
Better than mother's, better than father's ohh
This love, this love
This love is your love, this love is my love
(Why do you love?)
This love, this love from God the father
God up in Heaven you oughta know So you ask, what about me
Sound real good
But doesn't fit the life I lead
But let me tell you so
There is nothin' new under the sun
And I don't care what you've done
His heart is for everyone
This love, this love
The only love that comes down from the Heavens
(Why do you love?)
This love, this love
Better than mother's, better than father's ohh
This love, this love
This love is your love, this love is my love
(Why do you love?)
This love, this love from God the father
God up in Heaven you oughta know This love, this love
The only love that comes down from the Heavens
(Why do you love?)
This love this love
Better than mother's, better than father's ohh
This love, this love

This love is your love, this love is my love
(Why do you love?)
This love, this love from God the father Everybody oughta know his love is real
Said, you really oughta know
Tell me can you feel
Everybody oughta know
I'm talking to you
Please don't walk away from This love, this love
The only love that comes down from the Heavens
(Why do you love?)
This love, this love
Better than mother's, better than father's ohh
This love, this love
This love is your love, this love is my love
(Why do you love?)
This love this love from God the father
God up in Heaven you oughta know This love, this love
The only love that comes down from the Heavens
(Why do you love?)
This love, this love
Better than mother's, better than father's ohh
This love, this love
This love is your love, this love is my love
(Why do you love?)
This love, this love from God the father
God up in Heaven you oughta know This love, this love
The only love that comes down from the Heavens
(Why do you love?)
This love, this love
Better than mother's, better than father's ohh
This love, this love
This love is your love, this love is my love
(Why do you love?)
This love, this love from God the father
God up in Heaven
