Mojito
In my hand
And I ain't even leave my house with a plan
Baby girl living and
I don't need a man
But imma drunk text my ex
I'm better than
Your new girl
You know that I'm out this world
Weird never matter cause I am superb
You heard
That I'm styling on these girls
So go tell your boy
Cause he needs the alert
Wanna step to me
Better think twice
Cause I look pretty
But I'm Not that nice
You might wanna wash me down with that water
Because I'm spice
And I don't know if they told you
But there's nothing you can say to make me feel a type of way
I'm pretty, I'm smart, I've got my pay
So bay bay
I own my mess so I ain't got dirt so
go tell your boy cause he needs the alert
