

# Somebody to Love

## OneRepublic

Never could imagine where the story happened  
You were someone new  
Used to be in focus, now you don't even notice  
When I leave the room You weren't even tryin' to make me jealous  
But you can't help it, you can't help it And it kills me to know that you found  
Somebody to love, somebody to love  
Tell me how can I go on without  
Somebody to love, somebody to love Somebody to love  
Somebody to love  
Somebody to  
You say that love comes easy  
Whenever it comes easy and I see it on your face  
I don't want you to be lonely  
Right now, I'm the only one that feels this way And I ain't even tryin' to make you miss me,  
make you miss me  
I know we're history But it kills me to know that you found  
Somebody to love, somebody to love  
Tell me how can I go on without  
Somebody to love, somebody to love Somebody to love  
Somebody to love Somebody to  
(Somebody to love, somebody)  
Somebody to  
(Somebody to love, somebody)  
You weren't even tryin' to make me jealous  
But you can't help it, you can't help it And it kills me to know that you found  
Somebody to love, somebody to love  
Tell me how can I go on without  
Somebody to love, somebody to love Somebody to love  
Somebody to love  
(Somebody to love, somebody) Used to be in focus, now you don't even notice  
When I leave the room
