

# New Moon

Alexandre Desplat

Strip this pain  
you left me with  
crave me still  
I'm screaming out your name  
Free me from  
this forsaken road  
erase my fears  
of living my life alone  
escape the rain,  
run to me,  
cradle me,  
yearn for me,  
can you hear my cries,  
escape the rain,  
how do I escape the rain  
keep me alive,  
revive my love,  
I need you,  
whisper my name.  
break down these walls,  
uncloud my day,  
help me breathe,  
don't give up on me now.  
escape the rain,  
run to me,  
cradle me,  
yearn for me,  
can you hear my cries,  
escape the rain,  
how do I escape the rain  
can you heal this wound  
from bleeding inside  
inside x 3  
escape the rain,  
run to me,  
cradle me,  
yearn for me,  
can you hear my cries,  
escape the rain,  
how do I escape the rain
