Give me that, hand me that, and watch a nigger go to work,
True school, ra-ta-ta
Around here, niggers wanna see what your g worth

Sure all on your turf, but don't leave the block
Young and you fuck around and get hurt
Niggers be dumbing out, this shit is bigger than
All of these niggers will leave a nigger under the dirt
Past to praying, slow jam playing, you chilling
Coldest nights, in a casket laying,
Thinking about a vacation where niggers is
Well come on in, and please bring a friend
It's nice of you to show up, you're welcome in comitties
Nigger, you know what up nigger
