Someone to Save You

OneRepublic

Patience

Took you for everything

Looked like a diamond ring

You wore it so much longer

Than made sense

Apathy in disguise

Crept on you like a spy

Hurt you in ways

You can't describe

Back to the start now

I won't let you go this way now

Honesty

Is what you need

It sets you free

Like someone to save you

Let it go

But hurry now

There's undertowAnd I don't want to lose you nowAll right

Sit down and spill your heart

Let's start from the very start

'Cause I can see by your eyes

You're wasted

Your energy comes and goes

You're taking your time, you know

Nothing can change what happened, so...

Back to the start now

I won't let you go this way nowHonesty

Is what you need

It sets you free

Like someone to save you

Let it goBut hurry now

There's undertow

And I don't want to lose you nowNowNow

Oh my

Look at your bright stars fade so

How much can you take? Honesty

Is what you need

It sets you freeLike someone to save you

Let it go

But hurry now

There's undertow

Someone to save you

Someone to save you

Someone to save you
