

# Hit It from the Back

## Mobb Deep

Uhh, yeah  
How we hit it?  
Check it out Shorty don't front, you better act like you're widdit  
Frontin like you never did it, bitch admit it  
Matter fact, shut the fuck up and turn around  
If you still got walls I'ma tear the shits down  
Just one of few brothers vigorous with the dick  
Prepare to stay long, cause I don't cum quick  
Little or big, I tear that ass out the frame  
Talkin like you're ill, but the shit is all game  
You're weak on top, you can't ride like a stallion  
Hit it from the back, then I'm audi 5000  
But if you're ill we can chill smoke the fat Phil'  
A little somethin just to make shit real  
Off with the light, fuck a invite, just make sure  
you don't got the period, cause I don't want red lights  
Aight? You know my motherfuckins steelo  
Rippin from the back, bitch you know how we go  
Hit it from the back (3X) Like dat!  
Hit it from the back (3X) Like dat! Uhh, knowmsayin?  
Check it out, word is bond  
Knowmsayin, gonna flip it like dis  
Rink-a-dink, rink-a-dink dinky dink I used to hit raw daddy, but now I carry packs of three  
Bulletproof I refuse to let the monster get me  
I'm in, hit it from the back like that  
Shorty black never tap no skins that look wack  
I got mad game like Twister, nasty little mister  
Quick to talk dirty to a sister  
I met the shorty at the Skate Key  
What's her name? Nevermind, cause she might try to sue me  
Juiced her up, took her to the projects  
So uh, if she was with it maybe we could have sex  
You know what happens next, drop to your knees  
Bitch caught a bone? spin I win  
As she starts to proceed, she said she wanted me  
to drop a seed, I told her parlay and just be  
Cause cunt little stunt with my butter dick shorty  
You talk too much, so lay back and enjoy the blunt  
I put it in her, she starts to wild  
She said slow down, I said this is shorty wop style  
A versatile, rough sex, fuck love makin  
Flip the script shorty, and flip yourself over

On your hands and knees Cochise  
From the back I don't shoot blanks and I'm out black
