back again

Flor

I won't be long It's just for now Oh, I'll come back here When time allows Save my name in your phone I'll be fine, but I don't know When I'll be back again, I'll be back again Keep my love close to yours We'll lay down again, once more When I'll get back again I get back again And it's hard to live without Your softest touch Your burning mouth Your burning mouthI don't want to be long and it's so hard for you to ride along So wait for me, and I'll be back again Let me know if you feel a little lost A little too real and I'll come back again, I'll come back again And I guess, I guess I never really thought it through enough And I guess, I guess I never really thought it through enough And I guess, I guess I never really thought it through enough Thought it through enough Thought it through It hurts alone but don't you worry I'm coming home
