

Trapped

The Word Alive

Will you listen to what I said?
Do you believe that I'm worth it?
I can't fall asleep
I can't live with my dreams It's hard to know myself, trapped in my own head
I'm trapped! I'm trapped! Trapped in my head
It's hard to know myself, trapped in my own head
I'm trapped! I'm trapped! Trapped in my head You're running from everything
That's seeping from the depths of me
You're begging for anything
That's a life I'll never see
I'll keep searching, I'm angry!
I've been haunted by my dreams!
It's hard to know myself, trapped in my own head
I'm trapped! I'm trapped! Trapped in my head
It's hard to know myself, trapped in my own head
I'm trapped! I'm trapped! Trapped in my head It's hard to know myself trapped in my own head
It's hard to know myself trapped in my own head
It's hard to know myself, trapped in my own head
I'm trapped! I'm trapped! Trapped in my head
It's hard to know myself, trapped in my own head
I'm trapped! I'm trapped! Trapped in my head I'm trapped! I'm trapped! Trapped in my head
(It's hard to know myself, trapped in my own head)
I'm trapped! I'm trapped! Trapped in my head
