

Aaron's Party (Come Get It)

Aaron Carter

Here's a little bit old school for you
That goes a little something like this...I always try to be the flyest kid on the block
The popular one with the rising stock
So that's when I had this bright idea
(throw the party of the month?)
nah the party of the year All the fine girls couldn't turn it down
Now all I got to do is get my parents out
Should I send them to a movie (no, send them to a show)
Let me think
Hmmm,
It's gotta be long though
I said "Mom and Dad, yo, why you sitting home?
It's a Friday night, have you seen Aunt Joan?
And don't worry about staying out too long
Don't fuss over me, I'll be fine alone" Have a good time The doorbell rings, cause the party's here
I am cranking up the stereo like it's new years
Walking round' the house like who's the man
Ain't nobody do it like Aaron can (First on the floor)
You know that's me
Bustin' out the moves like it's mtv
I guess I'll wear a thong, I lost my head!
I jumped on the table and this is what I said
CHORUS
People all around you got to
(come get it)
Everyone together sing it loud
(come get it)
Jump all around come on
(come get it)
What?
(come get it)
say it again
(come get it)
People all around you got to
(come get it)
From the left to the right make noise
(come get it)
Here we go now come on
(come get it) huh (come get it)
huh what what what (come get it)
na na na na
na na na na

na na na na
yeah yeah yeah yeah (come get it, come and get it!) Things are going great then to my surprise
Some people walked in I didn't recognize
I said fellas yo you gotta get out
(Hey man, I thought this was an open house)
Open house? (yeah, that's what the flyers said)
I didn't put out flyers (Well, somebody did) Then walked in the girl I am crushing
Then the kid spilled juice on my mom's new cushions
I turned around another kid broke a lamp
(I hope they weren't expensive) They got them in France
For now I won't sweat it, I'll clean it up later
There's a honey over there and I really want to meet her CHORUS

People all around you got to
(come get it)
Everyone together sing it loud
(come get it)
Jump all around come on
(come get it)
What?
(come get it)
say it again, here we go huh
(come get it)
People all around you got to
(come get it)
From the left to the right make noise
(come get it)

Here we go now come on
(come get it) huh (come get it)
huh what what what (come get it)
na na na na (ac's in the house)
na na na na
na na na na

yeah yeah yeah yeah (come and get it!) Break it down (go, go, go, go, go, go, go, go,
go, go, go, go, go, go, go, go, go, go) Was that the car door? Oh dang, I'm in trouble

Everyone get out now on the double
I'm dead (your done)

That's it for me

I am gonna be picked off my family tree Once Mom finds out 'bout this party I had
I don't even want to start thinking 'bout Dad
I am hustling 'round the house trying to clean up the mess
I sure to put my new white Nikes to the test The car door slammed as they're walking up the
steps

I guess life was good, with ten seconds left...(Aaron!)

Grounded CHORUS

People all around you got to
(come get it)
Everyone together sing it loud
(come get it)
Jump all around come on

(come get it)
What?
(come get it)
say it again
(come get it)
People all around you got to
(come get it)
From the left to the right make noise
(come get it)
Aaron C's in the house, come on
(come get it)huh (come get it) what what,
come with it (come get it)
na na na na (ha ha)
na na na na (what what, come on)
na na na na (come on with it, come on)
yeah yeah yeah yeah (come get it, come get it)
(come get it)(fades)
