As

Marsha Ambrosius & Anthony Hamilton

As around the sun the earth know she's revolving And the rose buds know to bloom in early May

Just as hate know love's the cure

You can rest your mind assure

That I'll be loving you always

As now can't reveal the mystery of tomorrow

But in passing we'll grow older everyday

Just as all that's born is new

Do know what i say is true

That I'll be loving you always

Until the rainbow burns the stars out in the sky (always)

Until the ocean covers every mountain high (always)

Until the dophin flies and parrots live at sea (always)

Until we dream of life and life becomes a dream

Did you know that true love asks for nothing

Her acceptance is the way you pay

Did that life is giving love a guarantee

To last through forever, another dayJust as time knew to move on since the beginning

And the seasons know exactly when to change

Just as kindness knows no shame

Know through all your joy and pain

That I'll be loving you alwaysAs today i know im living for tomorrow

Could make me past, but that i musn't fear

For i know deep in my mind, the love of me i left behind

Cause I'll be loving you always

Until the day is night and night becomes a day (always)

Until the trees and seas just up and fly away (always)

Until the day that $8\times8\times8$ is 4 (always)

Until the day is the day there are nomoreUntil the day the earth starts turning right to left (always)

Until the earth just fall, the sun ignites itself (always)

Until dear mother nature says our work os through (always)

Until the day that you were ...ALWAYS (6×)

Loved you for a life time

Did you know that true love lasts for life(End...)
