

# Fall In Love with It (feat. Darrein)

## Stevie Stone

Darrein Safron (Stevie Stone)]  
Flashing lights  
You can have whatever you like  
Girl, I'll change your life  
Fall in love with it, you can fall in love with it  
She takin' it down to the floor, and she know I got more  
I got more, it's just what she wants  
(Yeah, bring it back now)  
She working that pole  
Girl, you know what you doin'  
Keep movin' like that, they gon' fall in love  
Ooh fall in love with it, you can fall in love with it  
(Fall in love with it) X4Baby got gifts  
Badder than a mother fucker vibin' with them hips  
When she get up to the pole, when she do her little tricks  
Do a cartwheel, slide down, bounce to the splits  
She walk up in the room and control it  
She eyeing down the ones with money, come forward  
Make a nigga fall in love with it, money you blow it  
With the fifteen hundred 'fore a nigga even knew her  
I love the way she move, look back at it  
She got a nigga stuck and throwing racks at it  
Lil' mama she's a thicky  
Got a face like Cameron and an ass like Nicki  
Ugh, bring it back now  
Down 3 stacks, mommy gon' act out  
Ass so big she could back Shaq down  
And all them other bitches faded in the background  
Yup, she a go-getter  
And you will never ever see her with a broke nigga  
In the club she bringin' over 4 wit' her  
Body shots, keep 'em coming, bring mo' liquor  
She told me fill the cup to the brim (to the brim)  
She tokin' like she tryna stackin them  
She do it like she workin' at a gym  
Attitude like Rihanna, and a body like Kim
