

Heartbroke

[Ricky Skaggs](#)

Well who wouldn't notice the fire in your eyes Or the bitter direction of pending goodbyes?
I'm fallin', I'm folded, I'm wilted in place
At the sight of you standin' with streaks down your face You got your heart broke, you go
runnin' from the reason
Got your heart broke, don't give up on believin' in me
Heartbroke, who kept me from leavin' with my heart broke Well cryin' when you're rich is a
bore if you're lonely
Sheer madness prevails upon reason to yield
But all is not lost, it is only mistaken
A small consolation but I know just how you feel
You got your heart broke, you go runnin' from the reason
Got your heart broke, don't give up on believin' in me
Heartbroke, who kept me from leavin' with my heart broke Well nobody said it was goin' to be
easy
We all have our weak sides that need a soft good touch.
Nobody said that it would not be worth it
But human condition continues as such
You got your heart broke, you go runnin' from the reason
Got your heart broke, don't give up on believin' in me
Heartbroke, who kept me from leavin' with my heart broke You kept me from leavin' with my
heart broke
With my heart broke, with my heart broke
You got your heart broke
