

Fearless Hearts

Mr. Fluff

We been waiting for the lifetime
We been searching for the right ones
There's nothing that can tear us apart
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
Every time we could feel where we stand
The fearlessness remind us the fights we dance
We've never show surrender
The light up strength is forever
Our stand for love
Here we are again
We been waiting for the lifetime
We been searching for the right ones
There's nothing that can tear us apart
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
We been waiting for the lifetime
We been searching for the right ones
There's nothing that can tear us apart
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
These are sounds of the fearless hearts
