Fearless Hearts

Mr. Fluff

We been waiting for the lifetime

We been searching for the right ones

There's nothing that can tear us apart

These are sounds of the fearless hearts These are sounds of the fearless hearts

These are sounds of the fearless hearts

These are sounds of the fearless hearts

These are sounds of the fearless heartsEvery time we could feel where we stand

The fearlessness remind us the fights we dance

We've never show surrender

The light up strength is forever

Our stand for love

Here we are again

We been waiting for the lifetime

We been searching for the right ones

There's nothing that can tear us apart

These are sounds of the fearless hearts These are sounds of the fearless hearts

These are sounds of the fearless hearts

These are sounds of the fearless hearts

These are sounds of the fearless heartsWe been waiting for the lifetime

We been searching for the right ones

There's nothing that can tear us apart

These are sounds of the fearless hearts
