

# Little One

Bilal

They say it's gonna take a miracle to bring you back again  
They say there's nothing they can do  
But I'm not the only one who sees the possibility in you  
You know you're mama sees it too No matter what it takes  
I'll make sure that you find, you find your way  
I'll know how hard you've been tryin'  
Little one I never wanna be a mystery to you  
I'm not a god and I ain't no saint  
I'm just a man workin' every day to be a better man  
One day you'll learn to be one too  
No matter what it takes  
I won't let you make the same mistakes  
But I won't hold nothin' against you  
I will always be there to hold your hand  
And I can help you walk but can't make you stand So whenever you feel like you can't go on  
Just believe you can, you can  
And you will, you always will  
Oh, you always will  
No matter what it takes  
I'll make sure that you find, you find your way  
I'll know how hard you've been tryin', yeah  
I won't let you make the same mistake I'll always love you  
Little one
