

Don't Make Me Dream About You

Chris Isaak

Don't make me dream about you
Don't make me dream about you
Don't make me dream about you
Don't make me dream about you I dream in daytime and night time
I dream of love or romance
It won't be nice if they catch me
But I can live with the chance Because I love you
Because I want you
I will win your love for me, yeah
I will win your love for me Looked so sweet when I met you
Now you're acting so bold
Feels so hot when I kiss you
And now you come on cold
And I still love you
I still want you
And I will win your love for me, yeah
I will win your love for me No, no, no Don't make me dream about you
Don't make me dream about you
Don't make me dream about you
Don't make me dream about you Took a chance when I met you
I should have known I would lose
I know it's wrong I should leave you
You make it so hard to choose And I still love you
I still want you
And I will win your love for me, yeah
I will win your love for me
No, no, no Don't make me dream about you
Don't make me dream about you
Don't make me dream about you
Don't make me dream about you
Don't make me dream
Don't make me dream
