

# Don't Make Me Dream About You

Chris Isaak

Don't make me dream about you  
Don't make me dream about you  
Don't make me dream about you  
Don't make me dream about you I dream in daytime and night time  
I dream of love or romance  
It won't be nice if they catch me  
But I can live with the chance Because I love you  
Because I want you  
I will win your love for me, yeah  
I will win your love for me Looked so sweet when I met you  
Now you're acting so bold  
Feels so hot when I kiss you  
And now you come on cold  
And I still love you  
I still want you  
And I will win your love for me, yeah  
I will win your love for me No, no, no Don't make me dream about you  
Don't make me dream about you  
Don't make me dream about you  
Don't make me dream about you Took a chance when I met you  
I should have known I would lose  
I know it's wrong I should leave you  
You make it so hard to choose And I still love you  
I still want you  
And I will win your love for me, yeah  
I will win your love for me  
No, no, no Don't make me dream about you  
Don't make me dream about you  
Don't make me dream about you  
Don't make me dream about you  
Don't make me dream  
Don't make me dream
