

Burden

Foy Vance

Let me carry your burden
something is not right I will let you know
Like the paint that's drying on a heart that's ...
Let me carry your burden
Get you back on the high when you're feeling low
When the weight is too heavy but you won't let go
Come with me my brother and I will sit with
you a while
soon I will see you smile, I know you will
no matter how much you're hurting right now
everything will change in time
so let me carry your burden
let me carry your burden
when you met some fire but your mind is cool
and you're fine and the flames won't keep you warm
Come with me my brother and I will sit with you a while
pretty soon I will see you smile and I know you will
no matter how much you're hurting right now
everything will change in time
so let me carry your burden
Let me carry your burden
come tomorrow you'll be right in the rain
It will ... the fire and wash away your stain
Come with me my brother and I will sit with you a while
pretty soon I will see you smile and I know you will
no matter how much you're hurting right now
everything will change in time
so let me carry your burden
I just might see another light
god no dog here in the fight
I can carry your burden brother I
